

# PRIVATE PILOTS LICENSE

A COURSE SPECIFICALLY TAILORED TO THE CIRRUS PILOT

## THE TOP GUN PRIVATE PILOT PACKAGE INCLUDES:

- 21 days of flight and ground instruction with a Flight Academy instructor
- All Private Pilot Training Materials to complete our course
- You have the option of learning in your plane or renting one of ours

## OUR PRIVATE PILOT'S COURSE IS DIVIDED INTO THREE PHASES

### *Phase 1 : Pre-Solo*

Learn all of the maneuvers required by the FAA to solo.

### *Phase 2: Cross Country*

Learn how to conduct a cross country flight and fly three solo cross countries.

### *Phase 3: Check Ride Prep*

Revisit and practice the maneuvers required to pass an FAA check ride.

During this training, the foundation of being a good pilot is built. It is important that the student take the time to learn the basic skills of the radio technique, proper use of checklists, and the FAA Regulations, aircraft control, flying by use if outside references, airspace, systems and weight and balance.

### Top Gun Private Pilot Package Fees

\$17,495\* + instructor travel expenses if training is conducted away from base.

\*Aircraft rental is available for an additional cost. Fuel not included. Washington State Sales tax will be applied to rental hours.

The private pilot course schedule is flexible and can be accomplished in 6-8 weeks of dedicated flight training. Our average student has taken 72 hours of flight time to complete the course. We can also provide training on a daily basis and design a program that fits your specific needs.
